WILL BRITAIN DEMAND DEBT PAYMENT FROM FRANCE?

The drastic action of the French Chamber of Deputies in refusing to pay to the United States the \$200,000,000 war debt installment due December 15 may cause Great Britain to demand that France pay her debts to Britain. Both France and Britain based their unwillingness to pay upon the refusal of the United States to consider revision of the debt question. At the Lausanne Reparations Conference Britain agreed to forget about the war debts owing her by European countries if the United States would revise the war debt settlement and postpone the December payments, but Henry L. Stimson, Foreign Minister at Washington, ruled that the instalments be paid before the United States considered revision. It is interesting to note that both French and British premiers and their respective cabinets resigned when their Chambers of Deputies voted to default. At the present moment our neighbors to the south are jostling the action of Premier MacDonald and the British Cabinet in paying the \$200,000,000 due, claiming the French and British debts defaulted were pawns in comparison.

A NEW SPORT IN THE MAKING

Here we see C. H. Lowe Wythe, prominent English airman, with the tiny engine he has designed to test the possibilities of light-airplane racing around pylons in the manner of dirt track contests. This engine is a two-cylinder, air-cooled, motorcycle engine of 600 c.c. capacity or approximately six horsepower, normal rating. The machine weighs about 400 pounds. Mr. Lowe Wythe, one of the Mother Country's most famous glider pilots, tried out his plane and it worked perfectly, no all being well, we shall have cheap racing around the sport arena of the word very soon, which may put automobile and foot racing out of commission for lack of thrills.

WHO SAID "GIVE A DOG A BONE?"

Our canine friend in the foreground of the above picture was "all eyes" when the dog himself passed before his nose on route to the Royal Albert Hall recently. In fact, he was overwhelmed in more ways than one. It was the world's largest dog biscuit, which is 55 feet high and 12 feet wide, being transported to the gigantic Christmas market in London. After the show is over the biscuit will be presented to the People's Dispensary for Sick Animals.

MAY SUCCEED MELLON

Laurance Lowell, former president of Harvard University, may replace Andrew Mellon, United States ambassador to Great Britain, when Mr. Roosevelt becomes president. Mr. Lowell, who resigned from the presidency of Harvard recently, has been a close friend of the president-elect for more than twenty-five years.

BRITISH STAR SCORES

Miss Phyllis Barry, English musical comedy star, who was brought to Hollywood recently to make her first picture on this side of the Atlantic, has scored quite a sensation. Critics forecast a brilliant future for her.

ATTEMPTED "HUNGER MARCH" BROKEN UP WITH BLOODSHED

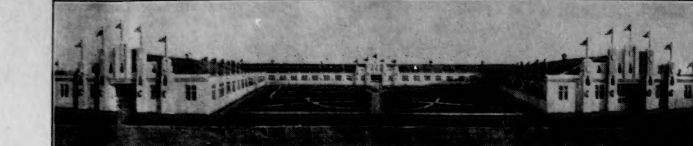

EDMONTON, Dec. 28.—Blood flowed freely Tuesday afternoon on the City Market Square when R. C. M. police and city police broke up an attempted "hunger march" allegedly organized by Communists in defiance of a government ban. The marchers still are showing signs of recommencing their efforts. Police were tearing up the banners of the marchers. Conservative estimates were that approximately 2,000 attempted to join the march.

CANADA PREPARES FOR WORLD'S GRAIN EXHIBITION

This splendid building is now completed for the national commercial, educational and competitive exhibits for the World's Grain Exhibition and Conference to be held at Regina from July 24 to August 5, 1933. It is of steel construction, stucco finish on the outside with plaster board for the inside. It is built in three sections, consisting of a main unit 640 feet long and 120 feet wide, with two wings, one from either side of the main unit, each 300 feet long and 120 feet wide, all three being equal to one building 1,240 feet by 120 feet. It is the largest grain and seed exhibition building in the world with a floor space of 3 1/2 acres. The work of decorating is proceeding, and when completed the total cost will amount to more than a quarter of a million. The interior decoration is in the hands of J. O. Turvotte, Dominion Exhibition Commissioner. Over forty countries will participate in some manner or other in the Exhibition and Conference and a visitor viewing the decorated stalls will have to walk a little less than two miles, during which he will have made a miniature trip round the world.

CLAIM THAT MARKETING AGENCY WOULD HINDER MARKETING OF GRAIN

WINNIPEG, Dec. 27.—The national marketing agency demanded by the Saskatchewan Wheat Pool would hinder the marketing of Canadian grain, it is claimed in a statement issued by the council of the Winnipeg Grain Exchange Tuesday. "Such an agency," it continued, "would ultimately involve the country in financial difficulties which taxpayers should not be called upon to suffer and would be injurious to producers and country." Causes of low prices for wheat, the Grain Exchange Council states, is due to the world wheat surplus, mostly held in North America, and are complicated by a depression world-wide in extent.

CANADA MAY SELL RUSSIA 100,000 HEAD OF DAIRY CATTLE

OTTAWA, Dec. 27.—Negotiations between Canada and Russia now going on may result in the sale to Russia of 100,000 head of Canadian cattle, mostly dairy cattle, according to information obtained from persons connected with the negotiations. In government circles, however, it was intimated no announcement would be made until negotiations were in a more advanced stage. It is believed these cattle would be exchanged for equivalent value in gasoline products.

U. S. GOVERNMENT PLANS TO INSIST FRANCE MEET PAYMENT

WASHINGTON, Dec. 27.—The United States government plans to insist that France meet the December 15 debt installment before there are any new negotiations with that country.

BRITISH SUB M-2 WILL NOT BE SALVAGED

Attempt to raise the British submarine M-2, which sank off Portland Race January, 1932 with the loss of 55 lives. Finally abandoned by the admiralty after months of vain toil. Salvage ships succeeded in getting the stern to the surface, but officials in charge decided they would not be able to bring up the bow. The M-2 will sink back to the bottom of the channel to make her grave in the mud and sand there.

U. S. LAKE PORTS DENIED WHEAT PREFERENCE

LONDON, Dec. 21.—British customs authorities Wednesday decided against American lake ports such as Buffalo in the matter of wheat shipped through them from Canada to the United Kingdom.

Wheat shipped cannot be admitted to the United Kingdom under the preference provided for in the Ottawa agreement unless it is actually consigned from an Empire point to a British destination.

The effect of the ruling will be to prevent wheat from being consigned from Canadian origin to a Buffalo elevator, where it would be stored until transshipment and shipment to Great Britain.

THE FALLING SEASON IN FASHION

Steeplechasing is usually one of those sports of kings which is noted for its uprightness and downfalls, as this photograph testifies. Here we see seven horses falling at one fence at the Kempton Park Meeting at Sandown. It must have been an unpleasant moment for the jockey on the ground with six horses stumbling on top of him.

"RADIO BABY" AND GRANDMOTHER

A charming portrait study of the Countess Beaulieu with her beautiful little granddaughter, Elsie Marconi, daughter of Senator Marconi, the "Father of Wireless" in the Countess's villa at Rome. Due to the fact that her parents are obliged to spend much of their time in England, the little girl is taken care of most of the time by her grandmother, although she holds frequent radio conversations with her parents.

I Won't Buy You No New Two Tea Kettles

TEMPER. GREEN, Dec. 22—

Thursday night the church was filled to overflowing with neighbors and friends from the surrounding district gathered together to enjoy the outstanding festive event of the year—St. Andrew's Christmas celebration.

When Santa Claus visited the assembly, he was met with a warm and hearty and best wishes to the boys and girls. This concert, directed by the church choir, was a most successful one, and the church choir, who were high standard set by former teachers, were the main attraction.

This concert was in the nature of a diversion from the standard type of church service, and the plays, that we have grown accustomed to, and the church choir, who were high standard set by former teachers, were the main attraction.
